Continuation of Substance of Interview including description of the general nature of what was discussed: There were 2 preliminary amendments that were inconsistent in treatment of which claims were pending, which claims does applicant actually want examined? Applicant wants claims 31-47; later amendment to claims 1-30 was made in error. Since exr can't seem to get the clerical staff to send out the paperwork to get the preliminary amendments fixed, exr will proceed with claims 31-47 and applicant will straighten out the claims in the first response.
